#### INTRODUCTION

- 1. This Petition for Writ of Mandate is brought by Petitioner, La Brea Willoughby Coalition ("Petitioner"), to compel the City of Los Angeles and its Department of City Planning (collectively "Respondent"), to comply with its duty to disclose public records under the California Public Records Act (Government Code §§ 6250 et seq.).
- 2. Petitioner requested that Respondent provide it with public records relating to when, how, why and through whom certain neighborhood areas in the Wilshire District of Los Angeles were selected for upzoning, as part of the City of Los Angeles' Metro Purple Line Heavy Rail Subway expansion.
- Act, by improperly withholding records responsive to Petitioner's request under the "catch-all" exemption located in Government Code ("Gov. Code") § 6255(a). Respondent is withholding responsive records on the grounds that the records are "drafts" and their disclosure would create a real risk of the public being misinformed as to the components of the City's plan to upzone certain areas as part of the Purple Line expansion. However, Respondent has actively solicited public comment on this plan and has already disseminated drafts of strategic materials relating to the plan to the public.
- 4. This matter involves issues of substantial public interest. Under the California Public Records Act, the public has the right to access this information upon request. This information can then be used to provide public comment supporting the preservation of zoning laws during the City of Los Angeles' environmental review of a plan that will result in the upzoning of several neighborhood areas in the Wilshire District.

#### PARTIES

5. Petitioner, La Brea Willoughby Coalition, incorporated as a California nonprofit Public Benefit Corporation, is a neighborhood association that represents homeowners, renters, and businesses in the La Brea-Willoughby neighborhood of Hollywood. It has been and continues to be involved in protecting the quality of life of its members and preserving the City's zoning laws, as well as the character and scale of the neighborhoods that it represents. La Brea

Willoughby Coalition is a member of the public under the Public Records Act.

- 6. Respondent, City of Los Angeles is a charter city and a municipal corporation within the State of California.
- 7. Respondent, Department of City Planning, is an agency of the City of Los Angeles and a local and public agency under the California Public Records Act.

#### JURISDICTION AND VENUE

- 8. Jurisdiction is proper in this court, Petitioner's claim arises under California state laws and the acts or omissions complained of herein occurred in the County of Los Angeles. This court has subject-matter jurisdiction over this case, pursuant to Gov. Code § 6259(a), because the records being sought are situated within Los Angeles County.
- 9. This case is properly classified as unlimited civil and is therefore, within the jurisdiction of this court because it is not one of the types of cases listed as a limited civil case in Civil Code §§ 85 or 86.
- 10. This court has personal jurisdiction over Respondent because Respondent is a local government agent of California.
- 11. Venue is proper in this court under Code of Civil Procedure § 394, because this is an action against the City of Los Angeles, and such actions may be tried in the county where the city is located. In addition, Gov. Code § 6259 allows venue in the Superior Court of the County where the records sought, or some part thereof, are situated.

# EXHAUSTION OF ADMINISTRATIVE REMEDIES

12. No administrative remedies are available to Petitioner. There is no right to an administrative appeal under the California Public Records Act. (Gov. Code §§ 6250 et seq.)

Thus, Petitioner has no adequate remedy at law, unless the Court grants the relief requested herein.

# STATEMENT OF FACTS

# A. The Comprehensive Zoning Plan of the City of Los Angeles

13. The Comprehensive Zoning Plan for the City of Los Angeles, located in Article 2 of the Los Angeles Municipal Code ("LAMC") §§ 12.00 et seq., is intended to

"[r]egulate and restrict the location and use of buildings, structures and land..."; "[r]egulate and limit the...size of buildings and other structures..."; and "[l]imit the density of population; and for said purposes to divide the City into zones of such number, shape and area as may be deemed best suited to carry out these regulations and provide for their enforcement." (LAMC § 12.02.)(Emphasis added.)

- 14. "[S]uch regulations are deemed necessary in order to encourage the most appropriate use of land;...to prevent undue concentration of population...and to promote health, safety, and the general welfare all in accordance with the comprehensive plan."

  (LAMC § 12.02 [emphasis added].)
  - B. The Metro Purple Line Heavy Rail Subway Transit Neighborhood Plan
- 15. In the middle of 2012, The City of Los Angeles approved a project to extend the Metro Purple Line Heavy Rail Subway ("Purple Line") from the current terminus at Wilshire/Western into the Westwood area of Los Angeles. The project will result in the construction of seven new stations along Wilshire Boulevard. The City seeks to increase the number of residents living in close proximity to these planned stations. To incentivize the development of affordable housing located near major transit stops, Measure JJJ was passed by Los Angeles voters in September 2016.
- Communities Affordable Housing Incentive Program ("TOC" or "TOC Program"). The TOC
  Program has been codified in Los Angeles Municipal Code ("LAMC") § 12.22.A.31 and
  provides that certain affordable housing developments are eligible for general plan amendments
  and zoning changes (i.e. incentives) (*Ibid.*) These incentives consist of increased density and
  reduced minimum square feet per dwelling unit, reduced floor area ratio and reduced parking for
  the development of certain affordable housing projects within "Affordable Housing Incentive
  Areas" or areas located near (within one-half mile) of a major transit stop, as that term is defined
  by Public Resources Code § 21155(b). (LAMC § 12.22.A.31(b)(2).)
- 17. In relation to the Purple Line, the City seeks to apply the TOC program to development around three of the planned extension stations: the Wilshire/La Brea Station; the

 Wilshire/Fairfax Station; and the Wilshire/La Cienega Station. To this end, the City has selected certain neighborhoods around these stations that will be subject to less restrictive zoning and land-use regulation than ordinarily required. The City is in the process of reviewing and approving the regulatory changes that will allow select parcels within these neighborhood areas to be "upzoned". The tool through which the City will implement these changes is the Purple Line Transit Neighborhood Plan ("TNP").

- 18. The TNP has not been approved by the City of Los Angeles and is currently undergoing environmental review as required by the California Environmental Quality Act, a state law. As part of and to improve its TNP environmental review process, Respondent has conducted public workshops, open houses, public surveys and generally solicited public comment. At least 24 outreach and public engagement events have been organized and conducted as part of the TNP environmental review process.
- disseminated city materials to the public. The materials contained Respondent's strategies for implementing the TNP and included, but are not limited to: Initial Concept Maps, Corridor Vision Maps, maps of overlays and recent planning efforts and TOC maps all disseminated to the public before the TNP has received final approval. These preliminary maps identify three residential neighborhood areas that will be subject to the TOC incentive program ("Neighborhood Areas"). One of those neighborhood areas is the Citrus Neighborhood Area, or the neighborhood area running along Citrus Avenue, bounded by San Vicente Boulevard, La Brea Boulevard, Highland Avenue and Edgewood Place.
- 20. The disseminated City materials reveal more than just the neighborhood areas subject to upzoning. For example, the Corridor Vision Map reveals that, in implementing the TNP, the City will consider protection of neighborhoods with a high percentage of rent-stabilized apartments and consider additional density while ensuring compatibility with the existing pattern of development, massing and prominent architectural features.
- 21. The Livability Strategy discloses the City's intent to retain existing rentstabilized units.

- 22. The Initial Concept Map discloses that the City intends to preserve and protect rent-stabilized multifamily residential areas with unique character by requiring consistent design of buildings, but will also allow a mix of larger apartment buildings, fourplexes and duplexes consistent with existing building forms and prominent architectural features.
- 23. Finally, the TOC Map shows that the majority of the Citrus Neighborhood Area is outside of any of the zones representing the various incentive eligibility "tiers" created by the City.

#### C. The California Public Records Act

- 24. The California Public Records Act is codified in Gov. Code §§ 6250 et seq. In enacting the Public Records Act, the legislature of California declared that "[m]indful of the right of individuals to privacy...access to information concerning the conduct of the people's business is a fundamental and necessary right of every person in this state." (Gov. Code § 6250.)
- 25. Gov. Code § 6252(e) states in relevant part that "Public records' includes any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics."
- 26. Gov. Code § 6252(g) states "Writing' means any handwriting, typewriting, printing, Photostatting, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored."
- 27. Gov. Code § 6253(c) states in relevant part "Each agency, upon a request for a copy of records, shall, within 10 days from receipt of the request, determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefor..."
- 28. Gov. Code § 6253(b) states in relevant part "Except with respect to public records exempt from disclosure by express provisions of law, each state or local agency, upon a

27 28 request for a copy of records that reasonably describes an identifiable record or records, shall make the records promptly available to any person..."

- Gov. Code § 6253(a) states that "Any reasonably segregable portion of a 29. record shall be available for inspection by any person requesting the record after deletion of the portions that are exempted by law."
- 30. An agency's failure to raise an exemption waives the right to tender policy arguments logically assigned to them. (Citizens for a Better Environment v. Department of Food & Agriculture (1985) 171 Cal. App.3d 704, 715-716.)
- Gov. Code § 6255(a) contains a "catch-all" exemption which requires that "The agency shall justify withholding any record by demonstrating... that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record."

#### D. Petitioner's Public Records Act Request

- Petitioner sent a November 19, 2018 California Public Records Act request 32. ("CPRA request") to Respondent for all records, reports, emails, notes, meeting records, intraagency memoranda and decisions relating to the multi-family residential neighborhood areas identified in the TNP maps.
- On December 12, 2018, Respondent indicated it may have responsive records 33. and subsequently produced approximately 2,187 pages of records, which primarily consisted of public comment and did not include the items requested in Petitioner's November 19, 2018 CPRA request. Respondent's December 12th response did not claim any exemptions to disclosure of the requested records.
- 34. The non-responsive record production led Petitioner to believe that Respondent may not have understood the scope of the November 19, 2018 CPRA request. Accordingly, on January 7, 2019, Petitioner, through its attorneys, sent a follow-up CPRA letter clarifying that Petitioner sought reports, emails, notes, correspondence, meeting records and intra-agency memoranda regarding the TNP and the City's plan to upzone the neighborhood areas identified on the TNP maps.

On January 17, 2019, Respondent indicated it had records responsive to the 35. CPRA request. Respondent produced the same approximate 2,187 pages of records that it produced with its December 12<sup>th</sup> response, but also produced additional documents in various formats. The new documents did not include Petitioner's requested items.

- Respondent's January 17th letter also claimed responsive documents were 36. being withheld under Gov. Code § 6255. The letter indicated that records were being withheld because they were "[d]rafts and remain exempt under Government Code Section 6255 because the public interest served by not disclosing the records clearly outweighs the public interest served by their disclosure."
- 37. In an effort to give the benefit of the doubt to Respondent, on March 27, 2019, Petitioner sent another follow up letter that further clarified the documents that Petitioner was seeking.
- On April 2, 2019, Respondent answered, claiming it had already produced all 38. responsive documents. Respondent, reiterated that it was withholding responsive public records based on the "catch all" exemption contained in Gov. Code § 6255. Respondent indicated that "[t]hese drafts represent preliminary ideas and thoughts related to the policy initiative and do not reflect that[sic] final policy direction provided by City management or the City's decision makers. Producing such documents would create the real risk of the public being misinformed as to the components of the policy initiative. Through the release of various documents and through numerous public workshops, the public has been provided with staff's initial recommendations related to this policy initiative and an opportunity to provide input on them. This process will continue until such time that staff finalizes its recommendations to the City's decision makers." ([Emphasis added].)
- 39. In a final attempt to facilitate the production of responsive records, on June 4th, 2019, Petitioner sent a letter to Respondent specifying that the Petitioner sought records relating to how, when, why and through whom the neighborhood areas were selected for inclusion on the TNP maps, including: 1) memoranda relating to specifically how, when, why and/or through whom the neighborhood areas were selected for inclusion on the TNP Maps; 2) reports relating

to specifically how, when, why and/or through whom the neighborhood areas were selected for inclusion on the TNP Maps; 3) e-mails relating to specifically how, when, why and/or through whom the neighborhood areas were selected for inclusion on the TNP Maps; 4) notes relating to specifically how, when, why and/or through whom the neighborhood areas were selected for inclusion on the TNP Maps; 5) letters relating to specifically how, when, why and/or through whom the neighborhood areas were selected for inclusion on the TNP Maps; and 6) correspondence relating to specifically how, when, why and/or through whom the neighborhood areas were selected for inclusion on the TNP Maps. Petitioner pointed out that, to the extent that Respondent was withholding any of these records from public disclosure, Respondent's asserted interest in withholding the records had not been weighed against the competing public interest favoring disclosure.

- 40. On July 1, 2019, Respondent answered, claiming simply that it had fully responded to Petitioner's CPRA request, conducted a number of public meetings on the project, and made information available to the public. Respondent stated that its July 1st letter constituted the final response to Petitioner's CPRA request.
- 41. Petitioner is informed and believes that, to date, Respondent continues to improperly withhold documents responsive to Petitioner's CPRA request pursuant to the exemption in Gov. Code § 6255(a). Respondent is withholding the records on the grounds that disclosure of the "drafts" would "create a real risk of of public misinformation as to components of the policy initiative", despite having already disseminated draft materials on the policy initiative to the public.
- 42. Gov. Code § 6258 states "Any person may institute proceedings for injunctive or declarative relief or writ of mandate in any court of competent jurisdiction to enforce his or her right to inspect or to receive a copy of any public record or class of public records under this chapter. The times for responsive pleadings and for hearings in these proceedings shall be set by the judge of the court with the object of securing a decision as to these matters at the earliest possible time."
  - 43. Gov. Code § 6259(a) states "Whenever it is made to appear by verified petition

to the superior court of the county where the records or some part thereof are situated that certain public records are being improperly withheld from a member of the public, the court shall order the officer or person charged with withholding the records to disclose the public record or show cause why he or she should not do so. The court shall decide the case after examining the record in camera, if permitted by subdivision (b) of Section 915 of the Evidence Code, papers filed by the parties and any oral argument and additional evidence as the court may allow."

- 44. Gov. Code § 6259(b) states "If the court finds that the public official's decision to refuse disclosure is not justified under Section 6254 or 6255, he or she shall order the public official to make the record public. If the judge determines that the public official was justified in refusing to make the record public, he or she shall return the item to the public official without disclosing its content with an order supporting the decision refusing disclosure."
- 45. Gov. Code § 6259(d) states "The court shall award court costs and reasonable attorney's fees to the requester should the requester prevail in litigation filed pursuant to this section."

#### FIRST CAUSE OF ACTION

# (Failure to Perform a Mandatory Duty Pursuant to the California Public Records Act)

- 46. Petitioner realleges and incorporates by reference the allegations contained in the foregoing paragraphs of this Petition into this Cause of Action.
- 47. Respondent is a local and public agency under the California Public Records Act. (Gov. Code §§ 6252(a) and (d).) As such and as the result of its office, Respondent owes a mandatory and statutory duty to members of the public to follow the provisions of the California Public Records Act and to not improperly withhold records. (Gov. Code §§ 6250 et seq.)
- Act was triggered when Petitioner sent its California Public Records Act request to Respondent.

  Petitioner's California Public Records Act request sought records relating to how, when, why and through whom the neighborhood areas were selected for inclusion on the TNP maps that had been produced to the public.

- 49. Respondent is failing to comply with the provisions of the California Public Records Act by withholding records responsive to Petitioner's requests based on the "catch-all" exemption contained in Gov. Code § 6255(a), when its interest in withholding the records does not clearly outweigh the public interest served by disclosure of the records. (Gov. Code § 6255(a).)
- 50. Respondent's interest in withholding the records pursuant to Gov. Code & 6255(a) is that the records are "drafts" and "[r]epresent preliminary ideas and thoughts related to the policy initiative and do not reflect that[sic] final policy direction provided by City management or the City's decision makers. Producing such documents would create the real risk of the public being misinformed as to the components of the policy initiative." However, its undisputed that Respondent has already provided the public with some drafts of the TNP policy that represent preliminary ideas and thoughts related to the policy initiative, in an effort to facilitate public input and comply with its environmental review process. Even though the TNP has not received final approval, Respondent has already distributed multiple preliminary drafts of TNP maps and other strategic materials to the public. (Ibid.) The subject of Petitioner's requests concerns information relating to the neighbored areas that have been included on these publicly disseminated maps. Thus, the interest asserted by Respondent does not justify withholding the records responsive to Petitioner's California Public Records Act request. The public's interest in favor of disclosure is significant. The records being withheld relate to the City of Los Angeles' development, review and approval of the Purple Line Transit Neighborhood Plan: a plan that will subject several neighborhood areas in the Wilshire District to less stringent zoning and land-use regulations than ordinarily required. The records being withheld may reveal issues with the TNP planning process that could be addressed through public comment - something Respondent is actively soliciting. To ensure a robust review process and for public comment to be meaningful, the public must have all the necessary information. The public has the right to access this information upon request and use this information to provide public comment supporting the preservation of zoning laws as part of the TNP environmental review process.

51.	Thus, the significance of the interests in favor of disclosure required
despondent to	oduce all responsive records and not withhold some of them.

- Petitioner is a member of the public under the California Public Records Act. (Gov. Code § 6250(b)-(c).) Petitioner has a clear, present and beneficial right to the performance of Respondent's duty under the California Public Records Act because Petitioner requested, in writing, disclosure of the aforementioned records pursuant to the California Public Records Act.
- Petitioner is prejudiced by Respondent's actions. Petitioner has no plain, speedy, and adequate remedy at law. Petitioner will be denied access to records to which it is otherwise entitled, unless the Court grants the relief requested herein.

#### PRAYER FOR RELIEF

Petitioner prays that this Court:

- 1. Conduct an in-camera review of the records being withheld:
- 2. Issue a declaration that the records being withheld by Respondent are not exempt under Government Code § 6255:
- 3. Issue a declaration that Respondent is in violation of the California Public Records Act because it is improperly withholding records responsive to Petitioner's California Public Records Act request under Government Code § 6255:
- 4. Issue a peremptory Writ of Mandate commanding Respondent to produce to Petitioner, within 10 days, all of the records being withheld:
- 5. Award attorney's fees against Respondent pursuant to Government Code § 6259;
- 6. Award litigation expenses and costs of suit against Respondent; and
- 7. Award such other and further relief as the court may deem just and proper.

#### INSTRUCTIONS FOR HANDLING UNLIMITED CIVIL CASES

The following critical provisions of the California Rules of Court, Title 3, Division 7, as applicable in the Superior Court, are summarized for your assistance.

#### APPLICATION

The Division 7 Rules were effective January 1, 2007. They apply to all general civil cases.

#### PRIORITY OVER OTHER RULES

The Division 7 Rules shall have priority over all other Local Rules to the extent the others are inconsistent.

#### CHALLENGE TO ASSIGNED JUDGE

A challenge under Code of Civil Procedure Section 170.6 must be made within 15 days after notice of assignment for all purposes to a judge, or if a party has not yet appeared, within 15 days of the first appearance.

#### TIME STANDARDS

Cases assigned to the Independent Calendaring Courts will be subject to processing under the following time standards:

#### **COMPLAINTS**

All complaints shall be served within 60 days of filing and proof of service shall be filed within 90 days.

#### CROSS-COMPLAINTS

Without leave of court first being obtained, no cross-complaint may be filed by any party after their answer is filed. Cross-complaints shall be served within 30 days of the filing date and a proof of service filed within 60 days of the filing date.

#### STATUS CONFERENCE

A status conference will be scheduled by the assigned Independent Calendar Judge no later than 270 days after the filing of the complaint. Counsel must be fully prepared to discuss the following issues: alternative dispute resolution, bifurcation, settlement, trial date, and expert witnesses.

#### FINAL STATUS CONFERENCE

The Court will require the parties to attend a final status conference not more than 10 days before the scheduled trial date. All parties shall have motions in limine, bifurcation motions, statements of major evidentiary issues, dispositive motions, requested form jury instructions, special jury instructions, and special jury verdicts timely filed and served prior to the conference. These matters may be heard and resolved at this conference. At least five days before this conference, counsel must also have exchanged lists of exhibits and witnesses, and have submitted to the court a brief statement of the case to be read to the jury panel as required by Chapter Three of the Los Angeles Superior Court Rules.

#### SANCTIONS

The court will impose appropriate sanctions for the failure or refusal to comply with Chapter Three Rules, orders made by the Court, and time standards or deadlines established by the Court or by the Chapter Three Rules. Such sanctions may be on a party, or if appropriate, on counsel for a party.

This is not a complete delineation of the Division 7 or Chapter Three Rules, and adherence only to the above provisions is therefore not a guarantee against the imposition of sanctions under Trial Court Delay Reduction. Careful reading and compliance with the actual Chapter Rules is imperative.

#### Class Actions

Pursuant to Local Rule 2.3, all class actions shall be filed at the Stanley Mosk Courthouse and are randomly assigned to a complex judge at the designated complex courthouse. If the case is found not to be a class action it will be returned to an Independent Calendar Courtroom for all purposes.

#### \*Provisionally Complex Cases

Cases filed as provisionally complex are initially assigned to the Supervising Judge of complex litigation for determination of complex status. If the case is deemed to be complex within the meaning of California Rules of Court 3.400 et seq., it will be randomly assigned to a complex judge at the designated complex courthouse. If the case is found not to be complex, it will be returned to an Independent Calendar Courtroom for all purposes.

# ALTERNATIVE DISPUTE RESOLUTION (ADR) INFORMATION PACKAGE

THE PLAINTIFF MUST SERVE THIS ADR INFORMATION PACKAGE ON EACH PARTY WITH THE COMPLAINT.

CROSS-COMPLAINANTS must serve this ADR information Package on any new parties named to the action with the cross-complaint.

#### What is ADR?

ADR helps people find solutions to their legal disputes without going to trial. The main types of ADR are negotiation, mediation, arbitration and settlement conferences. When ADR is done by phone or computer, it may be called Online Dispute Resolution (ODR). These "alternatives" to litigation and trial are described below.

#### Advantages of ADR

- Saves Time: ADR is faster than going to trial.
- Saves Money: Parties can save on court costs, attorney's fees and witness fees.
- Keeps Control with the parties: Parties choose their ADR process and provider for voluntary ADR.
- Reduces stress/protects privacy: ADR is done outside the courtroom, in private offices, by phone or online.

#### Disadvantages of ADR

- © Costs: If the parties do not resolve their dispute, they may have to pay for ADR and litigation and trial.
- We Public Trial: ADR does not provide a public trial or a decision by a judge or juny.

#### Wain Types of ADR:

- Negotiation: Parties often talk with each other in person, or by phone or online about resolving their case with a settlement agreement instead of a trial. If the parties have lawyers, they will negotiate for their clients.
- Mediation: In mediation, a neutral "mediator" listens to each person's concerns, helps them evaluate the strengths and weaknesses of their case, and works with them to try to create a settlement agreement that is acceptable to all. Mediators do not decide the outcome. Parties may go to trial if they decide not to settle.

Mediation may be appropriate when the parties

- want to work out a solution but need help from a neutral person.
- have communication problems or strong emotions that interfere with resolution.

Wedlation may not be appropriate when the parties

- want a public trial and want a judge or jury to decide the outcome.
- lack equal bargaining power or have a history of physical/emotional abuse.

- 4. Mandatory Settlement Conferences (MSC): MSCs are ordered by the Court and are often held close to the trial date. The parties and their attorneys meet with a judge or settlement officer who does not make a decision but assists the parties in evaluating the strengths and weaknesses of the case and in negotiating a settlement. The City reserves the right to assert additional affirmative defenses, cross-claims, or third party claims whenever the basis for such allegations is discovered.

#### FIRST AFFIRMATIVE DEFENSE

(Failure to State a Claim)

As a first, separate affirmative defense, the Petition and each and every cause of action alleged therein fail to allege facts sufficient to constitute a cause of action.

#### SECOND AFFIRMATIVE DEFENSE

(No Available Relief)

As a second, separate affirmative defense, the Petition and each and every cause of action alleged therein fail to allege facts sufficient to state a claim for which the Court may grant relief.

#### THIRD AFFIRMATIVE DEFENSE

(Lack of Standing)

As a third, separate affirmative defense, Petitioner lacks standing and capacity to bring or maintain this action.

#### FOURTH AFFIRMATIVE DEFENSE

(Failure to Exhaust Administrative Remedies)

As a fourth, separate affirmative defense, the Petition and each and every cause of action alleged therein are barred because Petitioner failed to exhaust its administrative remedies as required to maintain the causes of action.
